KARUVARA KUNNATH ASIYA

PROFESSIONAL SUMMARY

An ambitious physician seeks to expand practical experience in clinical leadership by planning, prioritizing and delegating in fast-paced clinical/hospital settings, with confident and authoritative communication to earn the trust of staff and patients.

WORK HISTORY

February 2025 - Currently

Modern Family Clinic – General Practitioner, Dubai, UAE

Managed acute and chronic conditions in patients of all ages in a primary care setting. Focused on preventive care, patient education, and comprehensive management. Performed minor procedures and collaborated with specialists for advanced care.

October 2023 - January 2024

Ansar Hospital - Resident medical officer, Perumpilavu, Kerala, India

During my time at Ansar Hospital's Emergency Department, I was responsible for diagnosing and treating a wide range of medical emergencies. Working alongside a multidisciplinary team, I performed various procedures such as suturing and IV insertion, ensuring that patients were as comfortable as possible.

August 2023 - August 2023

Al Ittihad Health Center - Trainee doctor, Dubai, UAE

As a Trainee Doctor at Al Ittihad Health Centre, I diagnosed and treated a broad range of conditions across all ages, emphasized preventive care and patient education, performed procedures under specialist guidance, and maintained thorough documentation while collaborating with colleagues.

August 2022 - July 2023

Fujairah Hospital, EHS - General Practitioner (Intern), Al Fujairah City, UAE

Gained clinical experience across outpatient care, surgery, OBG-GYN, and emergency medicine. Managed chronic conditions, assisted in procedures and deliveries, and handled acute cases. Actively participated in conferences and peer teaching.

SKILLS

- Compassionate patient care and communication skills
- Stress management and adaptability in fast-paced environments
- Strong teamwork with healthcare professionals
- Attention to detail and problem-solving abilities
- Empathy and professionalism in patient interactions
