

Biomedical science major, seeking to use Research and Laboratory Techniques in providing new efficient therapies, Identifying the cause of death suspicious cases, and analyzing the patient's sample for the diagnostic purpose. I believe my fast-learning perfect fit for being Laboratory technologist

Date of birth

05/02/2000

Nationality

Jordan

ContactMobile Phone:

0561288408

Email:

hebaodeh522@gmail.com

Address:

UAE-RAK (Dahan)

Hobbies

Solving problems
Reading detective books
Gift design and arrangement

Strengths

communication skills
IT skills
Teamwork
Fast learner
Adaptability
Problem solving
Integrity
Self-motivation
Work under-pressure

Heba Issa Odeh

Medical Laboratory Technologist

EDUCATION

Gulf Medical university – Biomedical science (2018-2022)

- My CGPA is 3.82
- My graduation project (**prevalence of high & low risk human papilloma viral serotypes in women with uterine cervical infection in Ajman and northern emirates in UAE.**)

LISCENCE

I obtained the eligibility letter from DHA as a Medical Laboratory technologist

WORK EXPERIENCE

No previous work experiences

CONFERENCES

1. Attended the 8th Pan Arab Human genetics conference in January 2020
2. In February 2020, attended 3rd Zayed center genomic medicine conference and 23rd golden helix pharmacogenomics day.
3. Attended COVID-19: Immune Response Towards SARS-CoV-2 Infection and Vaccine conference in 2021
4. Attended International Indo-Arab conference of medicine 2022

WORKSHOPS

1. Volunteered in Majid Al Futtaim Feel the Beat campaign in 2019
2. Participated in nasopharyngeal swab collection held at the center for Advanced stimulation in healthcare, GMU.
3. Attended basic life support by AHA 07th March 2022

MEMBERSHIPS

IBMS (institute of biomedical science) since 2021.
