CLINICAL EXPERIENCE

07/2020 - Medical Practitioner

Present Department of Health, Government of Khyber Pakhtunkhwa, Pakistan

I'm currently working in Secondary level healthcare facility, that is constituted for half million population which provides health care facility to a vast area and supervising many primary level health care facilities. Moreover bridging medical services delivery between primary, secondary and tertiary care health facilities of the province.

My main duties are working in Accident and emergency department on rotations and providing health care at outpatient clinic as General physician. It has greatly enhanced my capabilities to work under pressure at ER, and understanding diversity of medical conditions at outpatient department in multidisciplinary medical and surgical expertise under consultants and specialists supervision.

02/2019 - Senior Medical Practitioner

07/2020 Captain Karnal Sher Khan Shaheed (N.H) Cadet College Swabi, Pakistan

I have served at this prestigious institution which is a full time resident military school commanded by decorated top Pakistan Military Officers as a doctor and in charge health

facility at campus. It was 24/7 provision of healthcare to 700 cadets and around 300 families living inside campus. The campus hospital was fully equipped with all accident and emergency services. My main duties were management of wide range of medical, basic surgical, Paediatrics and orthopedic emergencies and outpatient clinic.

08/2018 - **Medical Practitioner**

01/2019 **Reliance Hospital (SMC-PVT) Limited Islamabad, Pakistan**

As a young fresh graduate, enthusiastic, passionate and workaholic doctor, I joined Reliance Hospital Islamabad as a medical practitioner at Accident and Emergency department which laid strong foundation to my clinical skills. My managerial skills and right in time decision making capabilities have flourished along with my clinical knowledge. I have worked in diverse environment and managed cases from every medical and surgical specialty under supervision of internationally certified consultants.

08/2017 - **House Officer**

07/2018 **DHQ Teaching Hospital, KDA Kohat,**

Department of Health, Government of Khyber Pakhtunkhwa, Pakistan

I spent 12 months of rotational training in DHQ teaching hospital. It is a tertiary referral service of 500 beds capacity, declared as teaching hospital for Khyber Medical University Institute of medical sciences (KMU-IMS), and providing a wide spectrum of medical, surgical and emergency services for large population in Kohat Pakistan. I spent 6 months in each discipline: Medicine and allied, Surgery and allied.
