General Practitioner with DHA Eligibility Letter

An enthusiastic medical professional who is organized, goal-oriented and seeking a position in a reputable medical organization to enhance my abilities and skills as a Doctor.

Roles and Responsibilities

Patient-centered and hard-working doctor adapted to assisting in patient assessment, documenting patient care, maintaining medical records and documents, and supporting doctors with any duties as required. Offers extensive knowledge of medicine, well-developed observation skills, and significant ability to work and perform well in team environments. I am presently seeking a Medical Doctor position with a modern hospital/medical institution.
