## Professional Qualification

BSCCP/RCOG Colposcopy- UK	April 2014
Certificate of Completion of Training CCT- UK	May 2013
PG diploma in Obstetrics and Gynaecological Scanning-Cardiff- UK	July 2012
PG diploma in Medical Education- Cardiff - UK	June 2008
MRCOG , London, England	Dec 2006
Diploma in Family Planning, RCOG, UK	Jan 2004
Counselling Skills Certificate, Kettering, UK	Jun 2001
Certificate in Career Development and Management Skills- Oxford, UK	Dec 1999
MBBS, Fatima Jinnah Medical College, Lahore, Pakistan	Dec 1990

## Advance Training Skills Module (ATSM) Completed

Acute Gynaecology and Early Pregnancy Oct 2011

Advanced Labour Ward Practice July 2012

Maternal Medicine July 2013

**Current Post: Consultant obstetrician and Gynaecologist in NC Speciality Hospital, Al Nahda, Dubai, UAE**

From 08/11/2016- to current

**Recent post in UK: Locum Consultant Obstetrics and Gynaecology at Gloucestershire Hospitals NHS Foundation Trust.**

**23/08/2016 to 01/11/2016 and previously from 20/07/2015 to 19/01/2016**

My duties as a consultant involve covering obstetrics and gynaecological emergencies, regular labour ward, antenatal, and gynae ward rounds when on call and supervise junior doctors during the elective caesarean sections list and during emergencies. I had regular two weeks wait clinics where I see patients with suspected malignancies, and outpatient hysteroscopy clinics for those with post menopausal bleeding and menstrual problems.

I have regular 2-4 weekly gynae theatre sessions where I did both minor and major surgical procedures like abdominal hysterectomy, vaginal hysterectomy, pelvic floor repairs operation, laparoscopic procedures like salpingectomy for ectopic, salpingo-oophorectomies, cystectomy, adhesiolysis, cauterization to endometriosis and sterilization and hysteroscopic procedures like, endometrial Polypectomy and endometrial ablation and evacuation of retained products of conception for miscarriage.

**Volunteering Job:**

Recently I worked as a volunteer for seven weeks from 24<sup>th</sup> of December 2015 to 14<sup>th</sup> of February 2016 in a missionary hospital called LAMB hospital in North West of Bangladesh. I had experienced work in busy low resource environment and was fortunate to attend and assist in two camp, one is urology camp for 3 days and fistula camp for another 3 days where many women with obstetric or surgical fistulae seen, assessed and operated upon.

**Clinical skills and experience**

I have obtained vast experience in obstetrics and gynaecology working in United Kingdom for many years working in different district hospitals and large university hospitals like Kings College University hospital and University Hospital of Wales. I am capable of managing labour ward as a consultant, I am confident in doing various **obstetric** procedures like difficult caesarean sections like very preterm, placenta previa, previous multiple sections, instrumental deliveries and repair of third and fourth degree vaginal tears.

I am confident doing general **gynaecological** procedures like hysteroscopy, endometrial polypectomies, laparoscopy, evacuation of retained products of conception, abdominal and vaginal hysterectomy, and prolapsed operation.

I am also competent in **ultrasound scanning** of early pregnancy complications like bleeding and pain and its management and my previous post as a locum consultant in Wexham Park Hospital in Slough for 3 months involved running the early pregnancy assessment units with

other colleagues. I am also competent to do general gynaecological scanning for other indication like menstrual irregularities, post menopausal bleeding, pelvic pain and pelvic masses.

I have also obtained the British Society of **colposcopy** and cervical pathology BSCCP/RCOG certificate and I am able to manage women referred to colposcopy clinics with abnormal cervical smears or abnormal looking cervix.

I am very aware of my own competencies and hence I do not hesitate to ask for help and advice from colleagues and expert when I need it to optimize women care.

## Employment History

<b>Locum Consultant Obstetrics and Gynaecology:</b> Hywel Dda University Health Board, Glangwili General Hospital, Carmarthen	06/06/2016-05/08/2016

Leicester LE5 4PW, UK- phone 0300 303 1573

**House Officer:** King Saud University Hospital, Riyadh Apr 94- Apr 95

## **Gaps in employment history**

There is a gap in my employment where I did not work between 1990 and 2000 where I was looking after my young family.

## **Publication, Presentation**

### **Presentation at National Meetings and Regional Meetings**

#### **Oral Presentations:**

1. Case Report of Placenta Increta after Thermachoice Balloon Endometrial Ablation presented in British Society of Gynaecology Imaging, RCOG, London- May 2012
2. Is MRI a Good Imaging Modality to Confirm Diagnosis of Placenta Accreta/ Percreta presented in British Society of Gynaecology Imaging, RCOG, London- April 2011.
3. A Case of Rectus Sheath Haematoma Mimicking Placental Abruption in Term Pregnant Women, Case Report presented in the Welsh Obstetrics and Gynaecology Spring meeting in Shrewsbury- March 2011.
4. Review of Gynaecological imaging for uterine artery embolization in British Society of Gynaecology Imaging, RCOG- Feb 2008.

#### **Poster Presentation:**

1. A case report of placenta percreta after thermachoice balloon endometrial ablation as an eposter at RCOG World Congress 2013
2. Is MRI good imaging modality to confirm the diagnosis of placenta accreta/ increta: a case report as an eposter at RCOG world congress 2013
3. A case report of rectus sheath haematoma mimicking abruption in term pregnant woman as an eposter at RCOG world congress 2013
4. A case report of recurrent idiopathic intra-cranial hypertension in pregnancy managed by multidisciplinary team as an eposter at ROCG world congress 2013
5. A case report of Klippel- trenauay syndrome and successful pregnancy as an eposter at RCOG world congress 2013
6. The effect of ataxia telangiectasia on pregnancy and delivery, a case report as an eposter at the RCOG word congress 2013
7. Borderline ovarian tumour: multiple recurrences in a young woman who is keen to conserve her fertility presented as an eposter at the RCOG world congress 2013
8. A case of poorly differentiated squamous cell carcinoma of the ovary in patient with previous ovarian endometrioma presented as an eposter at the RCOG world congress 2013
9. A Case Presentation of Tuberculosis Diagnosed Postnatally presented SpROGs, Liverpool- June 2011
10. Laparoscopic management of Ruptured Heterotopic Pregnancy following in Vitro Fertilization-Embryo Transfer with Successful Outcome: A Case Report, Presented in SPROG, Liverpool –June 2011
11. Ectopic Pregnancy: Difficulty and Dilemmas in Diagnosis, Presented in SPROG, Liverpool-June 2011
12. Malignant Mixed Germ cell Tumour Presenting Like An Ectopic Pregnancy In A Woman Known To Have Primary Ovarian Failure: A Case Report presented in British

Gynaecological Cancer Society (BGCS) - May 2011

13. Risk of Ovarian Cancer with Pre-existing Endometrioses, A case report, presented at British Gynaecological Cancer Society meeting (BGCS), Cardiff- May 2011
14. Meconium Peritonitis Diagnosed Prenatally at 33 Week Gestation: A Case Report presented in British Society of Gynae Imaging (BSGI), London- April 2011
15. Interesting Ultrasound Images to Stimulate Thinking About Differential diagnosis and Underlying Histology, presented at British Society of Gynaecological Imaging (BSGI) , RCOG, London- April 2011
16. Uterine Artery Embolization before Myomectomy For Multiple Fibroids: A Case Series Presented at British Society of Gynecological Imaging (BSGI), RCOG, London- April 2011
17. Poster presentation of Risk-adjusted prediction of operative mortality and morbidity in gynaecological oncology with POSSUM and P- POSSUM (POSSUM – Physiological and Operative Severity Score for the enumeration of Mortality and Morbidity) Presented in BGCS meeting (British Gynaecological Cancer Society)-Sept 2006
18. Poster presentation of Large Loop Excision of the Transformation Zone (LLETZ) under general Anaesthetics: A retrospective case review. Presented in International Oncology Conference- 2000

### **Audits**

- Audit on failed instrumental deliveries in Royal Gwent Hospital Feb 2012
- Review of Early Pregnancy Assessment Unit Services at Royal Gwent Hospital Feb 2011
- Management of Ectopic Pregnancy in Royal Gwent Hospital Feb 2011
- Management of preterm Pre-labour rupture of membranes in the Royal Gwent Hospital, Newport from January 2008 to July 2009 Mar 2010
- Management of early pregnancy loss audit in the Royal Glamorgan Hospital from November 2008- February 2009 July 2009
- Audit on the management of Ectopic pregnancies in University Hospital of Wales, from January –December Oct 2008
- Risk-adjusted prediction of Operative mortality and morbidity in gynaecological oncology with POSSUM and P-POSSUM Nov 2006
- A re-audit of dysfunctional labour-, caesarean section for failure to progress in the University Hospital of Wales, Cardiff Mar 2005
- A retrospective review of large loop excision of transformation zone (LLETZ) under general anaesthetic in year 2000 at Kings College University Hospital Mar 2004
- A review on the routine use of drains in colposuspension operation in Leicester general Hospital Aug 2002
- Retrospective audit of breech presentation management in the department of obstetrics and Gynaecology in Leicester General Hospital July 2001

### **Teaching Experience**

Teaching is an enjoyable part of my career and allows me to develop my own skills as well as those of junior colleagues; I was very keen to improve my teaching skills which motivated me to obtain a diploma in Medical Education from Cardiff University.

I have been involved in teaching multidisciplinary groups which includes medical and

nursing staff in various setting from formal tutorial to informal ward and clinic settings.

### **Leadership and Management Experience**

During my career I have undertaken many activities and roles to develop my skills and knowledge in this area and they include:

- I have been involved in organizing the weekly doctors' rota where training and service needs have to be balanced.
- Updated and modified guidelines for preterm-pre-labour rupture of membrane in Royal Gwent Hospital.

### **Courses and Conferences**

- 20/05/2016 SWAPS 2<sup>nd</sup> Perinatal Symposium 2016, Liberty Stadium, Swansea.  
Hosted by Department of Neonatal Medicine, Singleton Hospital, Swansea
- 11/03/ 2016 The Welsh Obstetrics and Gynaecology Society Meeting, Cardiff, UK
- 04/03/2016 Welsh Bladder Forum, Cardiff, UK- 2 days
- 27/11/2015 Screening in Obstetrics and Gynaecology, The Royal Society of Medicine, London, UK
- 27/11/2015 Safely avoiding the first Caesarean section, The Royal Society of Medicine, London, UK
- 03/06/2016 BSGI Diagnostic and Operative Hysteroscopy workshop at Royal College of Obstetrician and Gynaecologists, London
- 15/04/2015 – The British Society for Colposcopy and Cervical Cytology Annual Scientific meeting, East Midland Conference Centre, Nottingham
- 17/04/2015
- 07/03/2015 Welsh Bladder Forum, Cardiff
- 27/01/2015 Hysteroscopic Master Class, Kings Mill Conference Centre, Nottingham
- 03/12/ 2014 Diagnostic and operative hysteroscopy Joint RCOG/ BSGE meeting
- Oct 2014 Newly appointed consultant study day, Royal College of Obstetrics and Gynaecology, London
- Jun 2013 RCOG World Congress, Liverpool
- Mar 2012 Maternal Medicine and Maternal Critical Care, RCOG, London
- Mar 2012 BSGI Conference, London
- Dec 2011 Cardiff Colposcopy Course including practical skills
- Jun 2011 SPROG, Liverpool
- May 2011 British Gynaecological Cancer Society Conference, Cardiff
- Mar 2011 CTG Study day, Swansea University
- Sep 2010 Early pregnancy and Gynaecological ultrasound course, Royal college of Obstetrics and Gynaecology
- Jun 2010 MOET, Swansea
- Apr 2010 British Society for Gynaecological Imaging Meeting, Royal College of Obstetrics and Gynaecology
- Nov 2009 Advance Laparoscopy course, Birmingham Women Hospital
- May 2009 Major Postpartum Haemorrhage Study day, Parkway Hotel, Cwmbran

Mar 2009 Foetal Monitoring in Practice, Royal Glamorgan Hospital

Feb 2008 British Society for Gynaecological Imaging Meeting, Royal College of Obstetrics and Gynaecology
