Career overview

Dedicated MBBS graduate with 2 years of hands-on clinical experience delivering comprehensive primary care to patients. Skilled in diagnosing and treating a wide range of medical conditions, collaborating with multidisciplinary teams, and providing patient-centered care. Excited to join as a General Practitioner to utilize my strong communication skills and clinical knowledge to deliver superior patient care through a compassionate and innovative approach within a dynamic healthcare environment. With Valid BLS and ACLS certificate.

Holds a DHA eligibility letter and MOH Evaluation.

Experience

1. General Practitioner

Sep 2021 - Sep 2023

ABM Hospital, Pakistan

- Conducted routine checkups and provided comprehensive primary healthcare consultations on various health conditions ranging from common routine cases including colds, flu, sore throats, diarrhea, dyspepsia, and urinary tract infections (UTIs) to more complex medical conditions.
- Conducted comprehensive physical examinations and formulated tailored treatment plans based on patient's histories.
- Collaborated with interdisciplinary healthcare teams to provide comprehensive patient care, including coordinating referrals to specialists, and ensuring continuity of care for complex medical cases.
- Interpreted different medical test results including blood tests, ECGs, X-rays and ABGs.
- Demonstrated effective communication skills in educating patients on their health conditions and treatment options.
- Complied with medical ethics, infection control protocols and hospital standards to maintain patient safety and quality of care.
