Dr. Asma Abdul Sathar, BDS

AAPC Certified Professional Coder

I'm an AAPC Certified Professional Coder (CPC) seeking for suitable opportunity in the healthcare field for the qualified positions to support a variety of patients and handle their data with care and discretion and also to use my expertise to assign procedural and diagnostic codes depending on patient's unique conditions and requirements. Organized and motivated professional with keen communication skills and extensive knowledge of physiology, anatomy, and medical terminology.

Experience

○ October 2018 - March 2019

Xpressions Dental Hospital

General Dentist

- Educated patients and families about dental issues and proper oral care to prevent dental decay and disease.
- Completed consultations with patients for treatment plan.
- Advised patients on appropriate treatment for pain and gave specific home care instructions.
- Extracted teeth, performed root canals, and filled cavities with dedication to pain management.
- Advised patients and caregivers of proper wound management, discharge plan objectives, safe medication use, and disease management.
- Interpreted X-rays to make accurate diagnoses and treatment decisions.

○ September 2017 - September 2018

Suraj Hospital

General Dentist

- Communicated one-on-one with patients during consultative appointments to explain treatment plan and educate on upcoming procedures.
- Reviewed patient health history and performed checkups to assess current issues.
- Assessed patient needs and developed treatment plans for restorative work.
- Performed root canal procedures to treat nerve and dental pulp issues and prevent further damage to teeth and gums.
- Created individualized treatment plans to maintain or restore
