## Objectives

ACLS certified trusted Medical Practitioner with a broad understanding of Medical Care. A strong leader skilled at handling tough situations. Adept at patient handling in ICU, ward and OPD setup. I have a vision to create new pathways in medicine by providing intelligent solutions. With the vast experience I have gained in the past and by acquiring further knowledge in the future, I am looking forward to cultivating a career built on trust to help support and uplift the hospital to the highest of standards to the best of my ability.

## Experience

### Medical Officer Cardiac Care (RMO CARDIOLOGY) ▪

Mar 2018 – Dec 2021

(3years 10months) Full time

Durdans Hospital ▪ Colombo, Sri Lanka.

ACLS certified and experienced Resident Medical Officer (RMO) handling patients (preoperatively and postoperatively) in the Cardiology department (ward and ICU) undergoing coronary procedures and surgeries.

### Key Responsibilities.

- Monitoring patients for cardiac diagnostic tests including treadmill testing, coronary angiogram, percutaneous coronary interventions (PCI/PTCA), Holter monitoring, PPM implantation & heart ablation procedures.
- Monitoring patients for CABG Surgery, Heart Valve Surgeries, Heart structural repair surgeries such as ASD, VSD & HOVM repair.
- ICU patient management after surgery.
- Carrying out minor surgical procedures including blood sampling, cannula insertion, suturing, wound treatment, intercostal drainage removal, NG tube insertion & cutting short pacing wires.
- Ensuring the follow up of consultant orders and attending to specialist referrals.
- Attending to Medical and Surgical emergencies.

## **Additional Medical Officer of Health** ▪ Nov 2017 - Feb 2018

(3months) Full time

MOH Office ▪ Sammanthurai, Sri Lanka.

I worked in clinics throughout the region while playing an active role in prevention of the spread of diseases such as dengue fever, monitoring the wellbeing of pregnant mothers, ensuring the delivery of healthy and clean food to the public and many other general health related issues.

## **Relief House Officer / Microbiology, Haematology, Pathology** ▪ Nov 2016 –

Nov 2017

(1year) Full Time

District General Hospital Trincomalee ▪ Trincomalee, Sri Lanka.

Microbiology – As per the orders of the microbiologist I helped monitor patients requiring stronger antibiotic treatment regimens while overlooking that good hygienic practices are carried out in the hospital.

Haematology – I took part in daily haematology clinics and helped monitor haematology patients admitted in wards.

Pathology – I assisted the Pathologist to prepare histopathological reports on micro and macrospecimens and was involved in tissue sampling.

## **General Practitioner** ▪ Nov 2016 – Dec 2019

(3years 1month) Part Time

Mount Medical Pvt Ltd ▪ Mount Lavinia, Sri Lanka.

This job involves taking the initiative to treat patients of all medical conditions and referring to specialists whenever necessary. Accident and emergency was part of my job during this tenure and I was successfully able to segregate and manage tough situations with ease. I worked according to the demands of the establishment as a locum tenant.

## **Intern Medical Officer/House Officer** ▪

Nov 2015 – Nov 2016 (1year)

District General Hospital Trincomalee ▪ Trincomalee, Sri Lanka.

Surgery - Inward management of general surgical patients both before and after surgery. I assisted in surgeries (laparoscopic cholecystectomy, thyroidectomy, splenectomy, appendicectomy, hernia repair, hemicolectomy, nephrectomy, haemorrhoidectomy, etc) and worked at the accident service unit where various types of accidents and emergencies were managed. Surgical skills acquired include ABG/VBG blood collection, catheterization for both male and female patients, cannulation, abdominal tapping, minor surgeries, blood grouping and DT and blood transfusion initiation.

*Paediatrics* - In Ward management of child and infant related diseases. I assisted in the general well-being and treatment of premature babies at the Preliminary Care Baby Unit. Added skills include the cannulation of infants, phototherapy, post-delivery assessment, thalassemia patient management and ambulance patient transfer.

**Moderator** ▪ Jun 2015 – Aug 2015 (2months)

College of Surgeons of Sri Lanka ▪ Colombo, Sri Lanka.

Co-ordination of the 44<sup>th</sup> Annual Academic Sessions of the college for the year 2015.

Co-ordination of the MRCS OSCE Examination conducted by the Royal College of Surgeons of Edinburgh, Colombo, August 2015.

## Education

Kursk State Medical University

June 2013 ▪ Physician Specializing in General Medicine

Royal Institute International School

May 2007 ▪ London Edexcel GCE A/Level

Harrow International College

May 2005 ▪ London Edexcel GCE O/Level

## License Certification

- Dubai Health Authority Active Registration for General Practice (Reg No. 82606251).
