RADIOGRAPHER

(DHA ELIGIBLE)

OBJECTIVE

Dedicated Radiographer with 2 years of experience in performing diagnostic imaging procedures and ensuring patient safety. Seeking to apply technical expertise and attention to detail in a challenging and growth-oriented healthcare setting

PROFESSIONAL QUALIFICATION

BSC RADIOLOGY & IMAGING TECHNOLOGY

(2017 – 2022)

DR. MGR. Medical University, Chennai
Ganga Institute of Health & Science, Coimbatore

PROFESSIONAL EXPERIENCE

Unity Mission Hospital Malappuram, Tanur

RADIOLOGY TECHNOLOGIST

(July 2023 – May 2024)

MDC MRI Manjeri | Malappuram, India

MRI TECHNOLOGIST

(April 2022-June 2023)

INTERSHIP AND TRAINING

Ganga Medical Center And Hospital
CT, MRI, Nuclear Medicine, Mammography, X-RAY, OPG, DEXA
April 2021-April 2022

PROFESSIONAL REGISTRATIONS

- **DHA (Dubai Health Authority) Eligibility**
Unique ID:53870708
- **ISRT (Indian Society of Radiographers & Technologists)**
Registration No: LM-MI 16277/2023
- **BLS**
E Card Code:235603223134

MACHINES HANDLED

MRI (MAGNETIC RESONANCE IMAGING)

- GE Signa HDxt 1.5 Tesla
- Siemens MAGNETOM lumina with Biometrix 3 Tesla
- Siemens MAGNETOM Essenza 1.5 Tesla

CT (COMPUTED TOMOGRAPHY)

GE Optima 660 128 Slice
Siemens SOMATOM 32 Slice

DIGITAL RADIOGRAPHY

- Siemens Multix Fusion Max
- Kodak Carestream DXR
- Fuji Radspeed

COMPUTED RADIOGRAPHY

- Fujifilm Capsula XLI
- AGFA 85X

ORTHOPANTOMOGRAM

- Myray

DEXA SCAN (BMD)

- GE-Prodigy series

MAMMOGRAM

- HOLOGIC Selenia 3D mammogram

SKILLS & RESPONSIBILITIES

- Review physician's orders and operate radiological equipment such as CT, MRI, Mammography and X-ray as per the order.
- Prepare and administer contrast materials for imaging procedures.
- Capture images using mobile X-ray equipment in operation theatres, emergency rooms and patient's bedsides.
- Educate patients on procedure details, provide instructions and answer questions to minimize anxiety and improve cooperation.
- Minimizes radiation to patient and staff by practicing radiation protection techniques.
- Maintaining accurate patient records and documentation in compliance with regulatory standards.

PROJECT

Topic: "COMPARISON OF MRCP & USG FOR DETECTION OF GALL BLADDER AND CBD CALCULI"

Under the guidance of,

Dr. Pushpa BT MBBS, DMRD, DNB

Senior Consultant, HOD of Radiology Department

Ganga Hospital, Coimbatore

CONFERENCE/WORKSHOP

- One Day Inter College Conference on Radiology Imaging Technology ICCRIT2018, Coimbatore.
- 20th National Conference Society of Indian Radiographers 2018, Bengaluru
- Roentgen Day with CME 2018 on Update on medical imaging and Radiotherapy, Coimbatore
