

## DR. HIBA ADNAN KHAN GENERAL PRACTITIONER

Al Mamsha – Sharjah (UAE) 🏠

+971545995267 📞

hibadnan.02@gmail.com ✉️

### PROFESSIONAL SUMMARY

I have 7+ years of experience in working at some of the most renowned hospitals in Pakistan after my MBBS, including military hospitals, PIMS and Polyclinic, in the capital of Pakistan. This includes my one-year **internship**, a 4-year **post graduate fellowship** from the prestigious College of Physicians and Surgeons Pakistan and practice as a **general practitioner/medical officer** at both, a federal government hospital and a private clinic. I also have experience of working as an **ENT specialist** at a renowned hospital in the capital of Pakistan.

I have effective patient management skills including emergency management, detailed counselling, up-to-date treatment plans and high follow-up rates.

Owing to my 5-year experience at federal government hospitals in Pakistan, I have acquired the skill of managing many patients swiftly and effectively.

I moved to UAE in April 2023 and cleared MOHAP certification within a month. I hope to find a GP position at your institute to be able to practice my skills which I have acquired over this period and be a productive, contributing doctor in the society.

I am a fast learner and confident that I can blend in well with the UAE medical set-ups as I exhibit workplace independence, empathy towards patients, professionalism, and good relations with my colleagues.

### EXPERIENCE

#### General Physician | Shahid Clinic

RAWALPINDI-PAKISTAN, APR 2021-JAN 2023

- Practiced as a GP in clinic type facility independently, providing diagnosis and treatment for patients.
- Diagnosed and treated patients suffering from chronic conditions.
- Teamed with other physicians, specialists, and health care providers to provide well-rounded care for complex cases.
- Identified serious conditions and emergency situations and immediately referred to hospital for prompt care.

### **ENT Specialist | Ali Medical Center**

ISLAMABAD-PAKISTAN, OCT 2022-MAR2023

- Practiced as an ENT consultant/surgeon, including outpatients, surgeries, post op care, and ENT consultations in other departments.

### **Resident Surgeon Otorhinolaryngology (ENT) | Pakistan Institute of Medical Sciences**

ISLAMABAD-PAKISTAN, JAN 2017-APR 2021

- Swift in learning emergency and elective surgeries.
- Handled heavy OPD flow of patients and provided quality care.
- Carried out day-day-day duties accurately and efficiently.
- Worked flexible hours; nights, weekends, and holiday shifts, including 31-hour duties.
- Acquired well rounded surgical skills which a resident should over a 4-year training period.
- Completed my residency with good rapport with the seniors.
- Passed all mandatory exams including Intermediate module and FCPS II ENT well in time.

### **Demonstrator Anatomy | Army Medical College**

RAWALPINDI-PAKISTAN, MAR 2016- DEC 2016

- Gave anatomy demonstrations to 2nd year medical students.
- Designed examination papers, checked, and marked them.
- Invigilated exams.

### **House Officer | Military Hospital**

RAWALPINDI-PAKISTAN, FEB 2015-MAR2016

- Quickly learned new skills and applied them to daily tasks, improving efficiency and productivity.
- Demonstrated respect, friendliness, and willingness to help wherever needed.
- Worked flexible hours, nights, weekends, and holiday shifts.
- Experience was acquired in multiple medical and surgical specialties.
