WORK EXPERIENCE

CURRENT POSITION

2022 – Current *Senior Medical Officer* **Life Care Teaching Hospital (Peshawar).**

Role & Responsibilities:

- After post-graduation, the Medical Officers are trained well in dealing with and provision of up to mark treatment to Accident & Emergency patients flow in the well-established Emergency Department. The Emergency Department has around 200 beds under one roof. It receives every kind of emergencies which receive treatment in different wards within the department, working 24/7. My main duties are working in Accident and emergency department were to provide initial treatment to patients with a broad spectrum of illnesses and injuries, some of which may be life-threatening and requiring immediate attention. Patients at the A&E department would get all the emergency investigation facilities like CT scan, X-rays, Blood investigation, round the clock, under one roof. It has greatly enhanced my capabilities to work under pressure at ER, and understanding diversity of medical conditions.

PAST APPOINTMENTS

2019 – 2022

Resident Medical Officer

Medical C Ward Hayatabad Medical Complex.

Role & Responsibilities:

- As a young fresh graduate, enthusiastic, passionate and workaholic doctor, I joined this state of the art Hospital, which is affiliated and teaching hospital for Peshawar Medical College as a Casualty Medical Officer, which laid strong foundation to my clinical skills. At the Hospital, my work was Provide medical care to outpatients in ER setting in collaboration with nurses medical and clinical support service team members. Be flexible and available to provide medical care within other services area as required i.e. Mobile clinics, Isolation, Outbreak areas. My managerial skills and right in time decision making capabilities have flourished along with my clinical knowledge. Under the supervision of a very competent consultant, this experience polished my clinical skills and widened my understanding of medical practice. At the clinic i was responsible for history taking, physical examination and medical management of the patients. As a Medical Officer, I have worked in accordance with the guidelines and protocols use within ERU and Ensured documentation which fulfill local legal requirements and meets professional standards. I was Responsible for OPD consultation and was available and on-call for emergencies as required.
