## Profile

Experienced microbiologist with solid background within clinical laboratory environments as part of a large healthcare system. Strong provision of quality internal and external customer service through concise and efficient application of laboratory practices, specimen analysis and results reporting. Experienced in most widely used associated computer programs, laboratory equipment, implements, technologies and tools.

## Professional Experience

### Lab Technologist

Pure health (2021 – 2022 Abu Dhabi, UAE)

**Urgent Care Centre Khalidiya, Abudhabi and Al Qassimi Women's & Children's Hospital, Sharjah**

- Accurately collected and processed specimens daily, following established Standard Operating Procedure.
- Performing tests in clinical laboratory to diagnose disease by using standard techniques and equipment's.
- Comfortable with body fluids including blood, urine, stool etc.
- Collection, Sample preparation and RNA extraction of SARS CVID 19 from nasopharyngeal swab using the automated system including Gene Rotex, Zybio, Gene Pure and PerkinElmer Chemagic.
- Maintaining time management under a great amount of stress and determine how to organize work schedule to meet TAT.
- Sanitized work area and; sterilized equipment and instruments to comply with protocol.
- Performed instrument calibration and quality controls to ensure maximum aquaracy of result.
- Enforced infection control and disposal procedures to protect coworkers and self.
- Keeping a track on stocks and ordering according to the lab necessity.

### Microbiologist

Q Labs Diagnostic center (2018 – 2021 Malapuram, India)

- Cultivation techniques for isolation and enumeration of micro organisms from Blood ,Pus, Urine , Stool and Sputum.
- Biochemical activities and identification of micro organisms.
- Analyzing water quality to detect the presence of micro organisms.
- Performed microscopic examination of micro organisms to determine their morphological and physiological characteristics.
- Performing antibiotic sensitivity tests, Media preparation and sterilization.
- Culture maintenance and preservation.
- Calibration of microbiology laboratory instruments including autoclave, incubator etc.
- Various staining techniques including gram staining, fungal staining, AFB staining.
- Sterilization of lab equipment's, instruments, culture room and other part of microbiology lab.

## Laboratory Technician

Mahatma Gandhi Co-Operative Hospital (2015 – 2016 Kasargod, India)

- Receiving, Sample collection and analysis of different body fluids such as blood, urine, stool, semen, sputum etc.
- Performed venipuncture using with syringes.
- Labeled and procured blood and other specimens according to specific requirements in a variety of settings such as EDTA for CBC, fluoride for sugar, citrate for coagulation tests, and heparin for blood gases.
- Consistently met laboratory quality standards, keeping lab clean, sanitized and safe and maintaining laboratory instruments.
- Prepare Sample for shipment to outside contract laboratories for testing.
- Quickly respond and resolve all customer service issues in a timely manner.
- maintain the inventory of the laboratory, ensure everything is in stock and labelled.
- Performed lab analyses to provide data for diagnosis, treatment and prevention of disease.
- Maintained data using both hard copies and electronic records.

---

## Education

**BSc Microbiology**  
Kannur University

2010 – 2013 | India

---

## Skills

Attention to Detail | Time Management | Water Analysis | DNA Extraction  
Flexibility | Aseptic Technique | Molecular Biology Techniques  
Problem Solving Skills | PCR | Communication | Sterilization Procedures  
Bacteria Isolation & Identification | Organization

---

## Languages

English, Hindi, Malayalam, Arabic

---

## Certificates

- Highfield Level 3 Award in HACCP for Food Manufacturing
- Association of clinical microbiologist and biochemist  
Registered Reg No ACMB/ASO/104420
- Kerala Private Medical Technician Association ( Kerala, India)  
Registered Reg No 159/02/04/18

---

## Declaration

I hereby declare that all the above information is correct and accurate.
