Well organized & disciplined with methodical approach to handling specimens and conducting tests follow ISO, CAP & JCI guidelines.

Professional Experience

First genomix laboratory Dubai UAE

Feb 2021 – Oct 2022

• As Medical Laboratory Technologist

Dubai, UAE

Al Qassimi Women's & Children Hospital

Jul 2019 – Jan 2020

• As Medical Laboratory Technician

Sharjah, UAE

Al Baraha hospital & University hospital Sharjah (UHS)

Aug 2017 – Dec 2017

As Medical laboratory technician internship,

Dubai, sharjah, UAE

Job Description (GENERAL LAB)

HEMATOLOGY & CLINICAL PATHOLOGY

- Hands on experience with semi & fully automated hematology analyzers like **Beckman coulter DxH520, Sysmex XP-300. HBA1C on Lifotronic H8**
- Performing routine clinical tests (Serology, Urine, Stool and FOB, Semen analysis, smear preparation and microscopy).

BIOCHEMISTRY, ENDOCRINOLOGY & IMMUNOLOGY

- Hands on experience with semi & fully automated chemistry & immunology analyzers like **SIEMEN EXL 200, BIOASSAY SNIBE 240 PLUS, MAGLUMI X3, ADVIA CENTAUR XPT & BECKMAN COULTER ACCESS 2.**

MICROBIOLOGY

- Routine microbiological cultures & sensitivity test and Media preparation, plates streaking under aseptic method using Bio safety cabinet.

BLOOD BANK

- Extraction of blood in CPDA-1 bags, Donor selection, Performing Screening tests, Blood grouping and cross matching
- Hands on "NEO IRIS IMMUCOR" fully automated.

PHLEBOTMY & SAMPLES PROCESSING UNIT

- Drawing blood from patients with standard protocols by using vacutainer tubes, labeling, registration of samples, keeping track of samples.
- Centrifuge and preparation of samples for their respective unit.

-
- Rejection of samples if hemolyzed, not labeled and insufficient or improper collection.

MOLECULAR BIOLOGY (MOLECULAR LAB)

- Hands on experience with sample preparation Using Biosafety Cabinet II.
- DNA, RNA extraction performed manually & automated by Perkin Elmer Chemagic 360 ,ZYBIO EXM-3000 ^ EXM 6000 & MAG CORE .
- Master Mixing Done manually .
- Performed PCR assay with BIO RAD CFX96, MIC QPCR CYCLER,QIAGEN GENE Q AND VELA.
- Hands on performing PCR for:
- Sexual transmitted disease (STD 7/14 Pathogens)
- SARS-COV-2
- Respiratory Viruses (RSV)
- Hepatitis B ,C & Tuberculosis.

Education

Bachelor's degree in Medical Laboratory Sciences., *University of sharjah* GPA: 2014 – 2018
Very Good UAE

Professional License

ASCP Board of Certification, 2026
International Medical Laboratory Scientist, (ASCPi) CM , ID # 25742289

DHA Eligibility Letter, 2024
-Medical Laboratory Technologist , DHA Unique ID # 49153477

Skills

Expert in LIS system/Data entry	following	Routine lab testing
lab safety protocols		Specimen analysis
Run Quality control and calibration of machines		Hands on Kits Results Validation & BA
Daily/Weekly/monthly machine maintenance		Manage critical results
Stock maintaining		Following PPE's
Phlebotomy skills		Team work
Problem solving skills Good		MS office
communication skills		<i>word,Excel,Powerpoint</i>
