WORK EXPERIENCE

ASSOCIATE DENTIST

Dr Hiregoudar's Vijaya Dental Clinic and Orthodontic Center

 **Aug 2020 – Aug 2022**

 **Karnataka**

- Consulted with patients to create effective treatment plans, providing professional and compassionate care to improve patient comfort and manage pain.
- Conducted root canal procedures to address nerve and dental pulp issues, prevent further damage to teeth and gums, and fill cavities with a commitment to pain management.
- Collaborated with other dental professionals, such as Orthodontists and Oral and Maxillofacial Surgeons, to plan and execute comprehensive dental treatments.
- Educated patients on appropriate home care following procedures to manage pain and promote healing.
- Utilized careful examination techniques to diagnose nerve and dental tissue damage and determine the need for root canal procedures.
- Communicated effectively with patients during consultative appointments, explaining treatment plans and upcoming procedures in detail.
- Diagnosed and treated various oral issues, including infections and mouth ulcers, with a focus on patient comfort and pain management.
- Conducted X-ray examinations to identify and address dental issues, including performing root canal treatments like single and multiple sittings, and post and core build-up.
- Provided emergency care to treat tooth injuries with professionalism and efficiency.
- Restored the form and function of damaged teeth due to caries, fractures, and other defects.
- Conducted tooth extractions, placed and removed sutures, and administered anaesthesia as needed.
