June 19, 2024

**ATT:** Human Resources

Dear Chahal Kuljit,

I am excited to apply for the Personal Assistance Beneficiary (PAB) position at your esteemed institution. I recently completed my PAB training at SHADD Health and Business Centre, successfully finishing both theoretical and clinical components on June 19, 2024. My clinical experience at Maimonides, under the guidance of instructor Gina Aversa, provided me with invaluable hands-on experience in patient care within a long-term care setting.

With a background in nursing and extensive experience working in various healthcare settings—including emergency departments, pediatric units, and neonatal ICUs—I have developed strong patient care skills, critical thinking abilities, and adaptability in high-demand environments. My ability to work both independently and collaboratively enables me to provide compassionate and efficient care to a diverse clientele.

Key qualities I bring to this role include:

- ✓ Patience and empathy in handling patients with diverse needs
- ✓ Strong organizational and problem-solving skills
- ✓ Reliability and a proactive approach to tasks
- ✓ Experience in infection control, patient assessment, and emergency care

I am eager to bring my dedication and expertise to your team and would welcome the opportunity to discuss how my experience aligns with your needs. Please find my CV attached for your review. I am available for an interview at your earliest convenience.

Thank you for your time and consideration. I look forward to the possibility of contributing to your institution.

Sincerely,

---

RAJI MOL PK
