## PROFESSIONAL SUMMARY

Compassionate and detail-oriented Registered Nurse with over 14 years of experience in critical care and patient management across Medical & Surgical ICU, LTICU, and medical-surgical units.

Adept at ventilator and tracheostomy care, advanced life support, medication administration, hemodynamic monitoring, and interdisciplinary collaboration to ensure optimal patient outcomes.

Proven ability to perform rapid emergency triage, crisis intervention, and post-operative care, delivering high-quality nursing services in compliance with healthcare protocols. Seeking to leverage expertise in critical patient care, team leadership, and clinical excellence within a dynamic healthcare setting.
