## OBJECTIVE

To build my career with professionally committed & dedicated people, who are the real class in the field of education, which will help me to explore the field of engineering and realize my potential.

## SUMMARY

- Power BI developer with around 4 years' experience having multiple skill set and extensive working experience in data warehousing and Business Intelligence technologies with expertise in SQL server development, SSIS, SSRS, azure, power BI for building, deploying and managing application and services through a global network of Microsoft managed data centers.
- Strong ability to analyze user requirements, business requirement specification.
- Experience in developing SSIS, SSRS and Power BI reports using different DAX queries, visuals, filters, and configuring dashboard.
- Working knowledge of power BI objects like dashboard, reports, power view, creating workspaces, sharing dashboard.
- Good knowledge of power BI data modeling and data warehousing.
- Connecting data sources, importing data, and transforming data for Business intelligence.
- Expert in using advanced-level calculations on the data set.
- Well experience in Data Extraction, Transforming, and loading (ETL) using various tools such as SQL Server Integration Services(SSIS).
- Good in creating Sub Queries and Joins for complex queries involving multiple tables and Exception Handler.
- Expert in creating and using Stored Procedures and Views.
- Analytical thinking for translating data into informative reports and visuals.
- Adheres to software development and maintenance standards by maintaining a comprehensive knowledge of internal and external development best practices.
- Contribute to the improvement of the solutions and business processes.
- Team player with good analytical and problem solving skills.

## EDUCATIONAL QUALIFICATION

<i>Degree</i>	<i>Institute</i>	<i>University/ Board</i>	<i>Year of passing</i>	<i>Percentage / CGPA</i>
M.E	The Rajaas Engineeringcollege	Anna University Chennai	2013	8.3
B.E	Sree Sowdambika college of Engineering	Anna University Chennai	2011	74

## TECHNICAL PROFICIENCY

**Databases:** SQL Server, My SQL Db

**Database Tools:** SQL Server Management Studio, SQL Server Data Tools

**Development Skills:** SQL Server, SSIS, SSRS, Power BI

**Language:** SQL,

**Reporting Packages:** SQL Server Reporting Service.

### Professional Experience

#### **Unnamalai Institute of Technology(2012-2016)**

##### **Power BI Developer**

- Developed dashboards and reports with Excel, SQL server, Report server data source using power BI service desktop tool.
- Involved in DAX, SQL server Reporting services.
- Embedded power BI reports on share point portal page and managed access of reports and data for individual user using roles.
- General dashboard in power BI desktop and power BI services using super fast slice and modern data visualization features.
- Designed and developed new ETL/SSIS package that load data from OLTP into our existing data warehouse based on technical specification and business requirements.
- Used various sources to pull data into power BI such as SQL server, SQL azure
- Used power BI desktop to develop data analysis multiple data source to visualize the reports.
- Work with internal and external implementation team members and partners to contribute to the development, testing and deployment of solutions.
- Developed dashboards and reports with Excel, SQL server, Report server data source using power BI service desktop tool.
- Involved in DAX, SQL server Reporting services.
- Embedded power BI reports on share point portal page and managed access of reports and data for individual user using roles.
- Estimate and deliver multiple projects assignments and system change requests as per agreed resourcing and timelines with required quality.

#### **Sri Ramana Infotech(2017-2019)**

- Computer Tutor

#### **Sri Ramana Infotech(2020-2021)**

##### **Power BI Developer**

- Importing raw data from different data sources like SQL Server, Excel etc..
- Developed Stored Procedures to generate various Drill through reports, Parameterized reports, Tabular reports using Power BI Report Builder.
- Created and managed schema objects such as Tables, Views, Indexes and referential integrity depending on user requirements.
- Adding the required calculated fields for creating report expression are used frequently in Power BI Report Builder paginated report to control content report appearance.

## Achievements & Events Participated

- Presented a paper of titled “Classifying Ethernet data packet based on raw bit pattern” in the national level conference on Adhiyamman College of Engineering.
- Participated in FDTP on “Engineering Mechanics” Organized by NEC, Kovilpatti.
- Participated in FDTP on “Engineering Mechanics” Organized by Kamaraj college of Engineering and Technology.

## PERSONAL PROFILE

Name	Renugadevi.R
Father’s Name	S. Rengaraj
Gender	Female
Marital Status	Married
Date of Birth	11-04-1990
Linguistic Ability	Tamil, English, Telugu
Passport number	N9945954
Visa	Family visa

## DECLARATION

I **RENUGADEVI.R** hereby declare that all statements made in this application are true to the best of my knowledge.
