Dubai

Respected Sir/Madam,

I am submitting my attached resume for the position of Medical Laboratory Technologist.

I have about 6 years of experience in clinical practice and have completed my Bachelor's Degree as well as Diploma from good medical colleges in Kerala INDIA and my DHA ID number is 52372024. With the following sets of experience, I believe I will be suitable for the qualifications you are seeking:

Collecting, processing and testing specimens as per appropriate techniques and clinical protocols I have good knowledge with Laboratory policies, Standard Operating Procedures and Performing complex laboratory procedures for specimen collection, handling, processing and analysis in Hematology, Biochemistry, Blood banking, Clinical pathology & Serology.

I have maintained records that demonstrate the proficiency-testing samples are tested in the same manner as patient samples.

Inventory Maintenance.

Implementation of SOPs and laboratory's quality control policies, to perform allocated responsibilities as per JCI standards

Day to day activities in Laboratory Equipment maintenance.

Performing daily Internal Quality Control, EQAS.

As you grant me the opportunity to work, along with this I can assure you of my hard work and dedication in fulfilling my duties and learn new things as they come by.

Thank you for your time and consideration, I look forward to meeting you in person.

Yours sincerely

**SHEENA RAJU**
