## Internships/Trainings/Seminars

---

### Internships:

**June 2017 - July 2017 Liaquat National Hospital & Medical College (LNH)**

LNH is providing state of the art medical services since founded in 1953. They excel in providing the most advanced methods of diagnosis, therapeutic and preventive treatment facilities of nearly all clinical disciplines. I worked as an intern at LNH and gained practical exposure of critical case studies and respective counselling and treatments.

### Key responsibilities:

- Assisted with evaluation and diagnosis of individual client emotional and mental disorders.
- Collaborated with psychiatrists, colleagues and other support staff members in organizing weekly seminars to raise awareness about psychological treatments
- Conducted regular intake evaluations in outpatient settings.
- Observed individualized counselling and therapy sessions and discussed treatment plans and therapeutic techniques with the psychologist.

**June 2016 - July 2016 Abdul Qadeer Khan Institute of Behavioural Sciences**

Institute of Behavioural Sciences (IBS) is a non-profit organization established to provide comprehensive mental healthcare services to less privileged people residing in Karachi and its suburbs. I worked as an intern at IBS where I learnt and got familiar with psychological disorders, ethical concerns, and brief psychotherapy modalities through weekly seminars and didactics.

### Trainings and Seminars:

- Attended a seminar on “Drug and Narcotics Abuse” (2016)
- Attended a seminar on “From Reactive to Proactive Management” (2014)
- Intern at World Wide Fund (WWF) “Summer Eco Internship Program” (2013)
- Intern at World Wide Fund (WWF) “Summer Eco Internship Program” (2012)
