Dear Hiring Manager,

I am pleased to be writing you in response to the vacancy for Registered Nurse advert on your website. I have a DHA Eligibility Letter issued on 27th January 2022. I've completed my Bachelor's Degree of Nursing accredited by Rajiv Gandhi University of Health Sciences from Bangalore, India. I have worked full time as an Intensive Care Unit Registered Nurse for 2 years at Hospital for Advanced Medicine and Surgery, Nepal.

Working in a 16 bedded Covid and Non-covid ICU has helped me gain a lot of knowledge and experience dealing with critically ill patients. I can work well in a critical and fast pacing environment. I am observant and can notice even small changes in the status of patients that could indicate a bigger problem. I can assure quality care by adhering to standards set by the physicians. Dealing with people with life-threatening illnesses and witnessing their recovery requires patience, compassion, and the ability to advocate for the patients and their family members in a friendly and sympathetic manner.

I am confident that my skills and experience have left me well prepared and make an excellent addition to your team. I hope to expand my career by working for a reputable institute such as yours.

I am available for immediate joining, please do not hesitate to contact me at +97150 6940334. I look forward to meeting with you.

Thank you for your time and consideration.

Respectfully,

Angela Dawa Sherpa
